

## Children's Church Schedule

Hey everyone! We've been doing much better with dismissals, and I'm pleased to report that trampled children don't happen nearly so often. Keep it up! I realized we don't have a good protocol for cleaning up the room, so this time around I have instructions for what to do when Children's Church is over:

- Trash your lesson plan papers. We don't need them, and I realized that we had lessons from over a year ago sitting on the counters!
- Any extra coloring sheets can go in the drawer with uncolored pictures. If the drawer is full, then toss them we don't need them!
- Any leftover projects that kids forgot, please trash them too!
- make sure all the supplies are put back in a good location. Consolidate when possible, if there is a new box of markers, put it in with the markers. If things are broken or not working, then toss them.
- check that the counters are generally paper free. If you see someone left out a lesson plan from last week, trash that too! When I tidied up last there was one pile of paper from kids club three years ago! Don't be intimidated, if in doubt throw it out!

If we work a little bit harder when we tidy up then the room will stay in much better shape and be easier for everyone to use. Thanks a ton guys!

Again, thank you all so much!
